

This report should describe the overall status of the information security program and the credit union's compliance with these guidelines. The report should discuss material matters related to its program, addressing issues such as: risk assessment; risk management and control decisions; service provider arrangements; results of testing; security breaches or violations and management's responses; and recommendations for changes in the information security program.

G. Implement the Standards.

1. *Effective date.* Each credit union must implement an information security program pursuant to the objectives of these Guidelines by July 1, 2001.

2. *Two-year grandfathering of agreements with service providers.* Until July 1, 2003, a contract that a credit union has entered into with a service provider to perform services for it or functions on its behalf satisfies the provisions of paragraph III.D., even if the contract does not include a requirement that the servicer maintain the security and confidentiality of member information, as long as the credit union entered into the contract on or before March 1, 2001.

APPENDIX A TO PART 749—RECORD RETENTION GUIDELINES

AUTHORITY: 12 U.S.C. 1766, 1783 and 1789, 15 U.S.C. 7001(d).

SOURCE: 66 FR 40579, Aug. 3, 2001, unless otherwise noted.

§ 749.0 What is covered in this part?

This part describes the obligations of all federally insured credit unions to maintain a records preservation program to identify, store and reconstruct vital records in the event that the credit union's records are destroyed. It establishes flexibility in the format credit unions may use for maintaining

writings, records or information required by other NCUA regulations. The appendix also provides guidance concerning the appropriate length of time credit unions should retain various types of operational records.

§ 749.1 What are vital records?

Vital records include at least the following records, as of the most recent month-end:

(a) A list of share, deposit, and loan balances for each member's account which:

(1) Shows each balance individually identified by a name or number;

(2) Lists multiple loans of one account separately; and

(3) Contains information sufficient to enable the credit union to locate each member, such as address and telephone number, unless the board of directors determines that the information is readily available from another source.

(b) A financial report, which lists all of the credit union's asset and liability accounts and bank reconcilements.

(c) A list of the credit union's financial institutions, insurance policies, and investments. This information may be marked "permanent" and stored separately, to be updated only when changes are made.

§ 749.2 What must a credit union do with vital records?

The board of directors of a credit union is responsible for establishing a vital records preservation program within 6 months after its insurance certificate is issued. The vital records preservation program must contain procedures for storing duplicate vital records at a vital records center and must designate the staff member responsible for carrying out the vital records duties. Records must be stored every 3 months, within 30 days after the end of the 3-month period. Previously stored records may be destroyed when the current records are stored. The credit union must also maintain a records preservation log showing what records were stored, where the records were stored, when the records were stored, and who sent the records for storage. Credit unions, which have some or all of their records
